Aluminium Standing Seam Guarantee

Our Aluminium Standing Seam is guaranteed for a period of 30 years from date of delivery.

This guarantee does not cover any damage caused by exceptional circumstances such as hail, storm, flooding, falling objects, chemical or biological attack and all other acts of god.

The colour coating of the Aluminium Standing Seam is guaranteed for a period of 20 years from the date of delivery. During this period the colour is guaranteed, within the limits of natural weathering which will occur due to weather conditions. Any deterioration in this respect does not affect the mechanical and physical properties of their durability. This guarantee does not cover exceptional ageing of the colour due to exposure to an abnormally aggressive atmosphere.

All material used to manufacture the Aluminium Standing Seam are produced according to EN and AA/ASTM standards.

Claims for guarantee are only admitted by written complaint within a month after the damage has been noticed. The guarantee is issued by the manufacturer North West Aluminium Ltd.
